YOUR GUIDE TO THE WORLD OF SONIC THE COMIC (STC) & SEGA. PRESENTED BY YOUR HOST, MEGADROID.

It's Christmas time once again and let's face it - what would you rather do - watch the Queen's speech or celebrate in style by reading SFC's fab festive issue!

Even the humbug-humers who insist they run IRC are finding it hard not to get excited! There's four levels of time-charged, complete stories to travel

through! Level one sets alarm bells jingling for Santa in Black Christmas when he finds an evil elf stocking the Emerald Hill Zoo!

Level two features Telly and a terrifying turkey on the rampage in *Going Trackers*. If you can survive that, then be prepared for ghastly goings on at creepy castle Frank M. Stein in *Beep Attack*.

Finally, you'll reach Sonic's World, where Amy & Tails are reunited with old friend, Sherrifuse the Cybernalk, in the bad-to-the-bone story *Peace of Action*.

As well as featuring your regular heroes and villains from the merry planet Mobius, this issue also contains a cracking Tails Pin-Up, plus your own artwork in the Single Issue.

I know you're flaking to get started, but make sure you join us again.

next issue when I ring in the New Year with a dazzling new look SFC.

All will be revealed next issue. But meanwhile, to Boomers everywhere.

HAVE A FAIRY
LIGHT-FULL
CHRISTMAS,
& AN STC FILLED
1998!

Medford

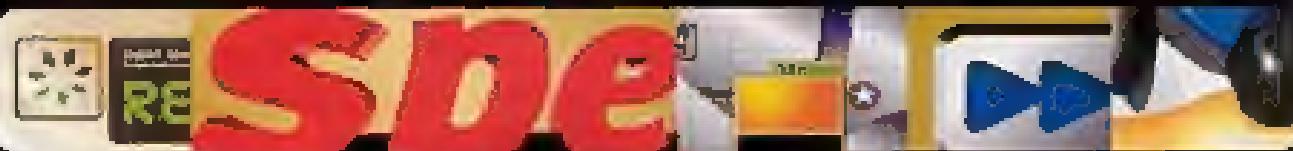

The New Year gets off to an explosive start! As from issue 120, *STC* is given the complete MOT with a new look that's even funkier than Knuckles dreads!

So check out your fave read in a fortnight, for an even sleeker, slicker feel.

 festivities (and
 we've put it
 through all of
 them).

DOCTORED EVIDENCE

Dear Megadroid
How come Sonic turned on the
Regent Street Christmas lights in
London when he's supposed to be
protecting Mobius millions of light
years away? Or was Sonic really
Dr. Eggman's robot and square, trying
to take over us raincoats as we?
